Appreciation for your contribution

We as SRAC/AQUANON Committee at Zonderwater Centre would like to express our greatest gratitude to Sensei Motsepe Lucas Tau, for the role of being socially responsible towards the rehabilitation of our inmates, and assisting with grading our karatekas which contributed a lot to the success of our Karate Grading Event which was held in this centre on the 25 October 2018.

The events are held every year to help bring about change in our inmates' behaviour and attitude towards life after 'life' behind bars.

We are very much delighted for your contribution to our concept of rehabilitation.

May God help you to continue with the good community work.

“The hand that gives is the hand that is blessed”

Kind Regards:
